

## PLAYGROUND

I took this picture on Saturday evening. A month ago was full of children and they played different games. Today there are no more children on the playground. Everyone must stay at home.

## CLOSE BORDER

This picture is at the border with Italy. Three weeks ago was full of cars and peoples.

## HOTEL SABOTIN

This photo was taken in front of the Sabotin hotel. The hotel was full of guests a week ago, eating and having fun. There are no guests today.

## ERJAVČEVA STREET

I took this picture in front of my house. A week ago streets were full of people and cars, now the streets are empty. People are not working, children are not going to school anymore...
